

**GEORGIA ASSOCIATION FOR HEALTH, PHYSICAL EDUCATION,
RECREATION AND DANCE**
Motion Form

Date: 2/13/2023

Maker: Christy Crowley

Office: Vice President Physical Education

Second: Jodie Fleming

Office: President Elect

I move that: the convention duties of the president elect and past president be switched and the GAHPERD bylaws be updated to reflect this change. Specifically, the president elect will now be responsible for running the election of officers and the past president will be the convention program director. Please see the markup of the bylaws for the specific changes and wording.

Rationale: The rationale for this recommendation is to allow the president elect time to become more familiar with the different responsibilities of the board members and have time to learn prior to running the convention program. Furthermore, running the election process will allow the president elect to become more familiar with the membership of the organization prior to becoming president. Since the past president is now in their third year of presidential responsibilities, he/she is more prepared to effectively produce an effective and engaging convention program.

Action: Approved
